

BIKING & MTB

CASA LIONARDO RECOMMENDS :

Cycling through the Tuscan countryside, in the footsteps of Leonardo da Vinci. The best way to immerse yourself in the views and flavors of Tuscany in the footsteps of Leonardo da Vinci is by bike.

We recommend renting a bike to visit the wonders of our area, or book a tour by MTB, muscle or electric because the area is hilly - many ups and downs!

If you want to have your own guide and an E-bike to reach the wonders of Tuscany, we will put you in touch with the professionals and guides of the area. Marco Tani, accompanies visitors on bike tours through the Montalbano customizing the rides according to the interests and level of fitness of customers.
